Objective
Aspiring Data Analyst with strong skills in Python, SQL, Power BI, and Excel, seeking to leverage data-driven insights and analytical problem-solving to support business decision-making and organizational growth.

PROJECTS

AMAZON SALES ANALYSIS DASHBOARD | PYTHON, SQL, POWER BI(ETL,DAX)

- Cleaned and transformed Amazon sales data using Python (Pandas) by handling missing values, duplicates, and data inconsistencies (NumPy,Pnadas,Matplot,Seaborn.
- Performed SQL analysis to identify sales trends, top-performing categories, state-wise revenue, and order cancellation patterns.
- Developed an interactive Power BI dashboard to visualize KPIs, sales performance, customer behavior, and business insights.

OLA RIDE BOOKING ANALYSIS DASHBOARD | EXCEL, POWER BI (ETL,DAX)

- Cleaned and prepared ride booking data in Excel by removing duplicates, handling null values, and standardizing data formats.
- Analyzed ride completion rates, cancellation reasons, customer ratings, and payment methods to identify operational challenges.
- Built an interactive Power BI dashboard to track key metrics and provide actionable insights for improving ride service efficiency.

TAXI FAIR PREDICTOR ML MODEL PYTHON |XGBOOST

- Developed a Taxi Fare Prediction model using Python and Machine Learning to estimate trip fares based on ride-related features.
- Performed data preprocessing, feature encoding, scaling, and train-test splitting to prepare the dataset for model training.
- Built and evaluated a Linear Regression model using Scikit-learn, achieving accuracy through r2score.

EDUCATION

- **Bachelor of Business Administration in Computer Applications (BBA-CA)**
  Sarhad College of Commerce & Arts, Pune 2021 – 2024
- **Master of Computer Applications (MCA)**
  Pune Cambridge Institute, Pune 2024 – 2026

SKILLS

- **Python, PowerBI, ETL, ML, SQL, Exel, NumPy, Pandas, Matplot, Seaborn Other Programming Languages**.
- **Languages : English, Hindi, Marathi.**
